**The Housing Authority of the City
of McComb City, Mississippi**

DECONCENTRATION POLICY

PUBLIC HOUSING:

In an ongoing effort for The Housing Authority to meet or exceed the laws and regulations regarding its public housing programs, the following Deconcentration Policy has been developed in order to comply with the Quality Housing and Work Responsibility Act of 1998, Section 513.

INCOME MIX TARGETING: To meet the requirements of the Act, and subsequent HUD regulations, at least 40 percent of families admitted to public housing by the Housing Authority must have incomes that do not exceed 30% of the area median. If 40% or more of the housing authority units are occupied by families whose incomes do not exceed 30% of the area median income, this requirement shall be considered as being met.

PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES: The housing authority may not, in meeting this income mix targeting, concentrate very low-income families, or other families with relatively low incomes, in public housing units in certain projects or certain buildings, i.e. high-rise, within projects. The Housing Authority must review the income and occupancy characteristics of the housing projects and the buildings, i.e. high-rise, of each project to ensure that a low-income concentration does not occur.

DECONCENTRATION: The Housing Authority shall make every effort to deconcentrate families of certain income characteristics within the PHA complexes. The skipping of a family on the waiting list to reach another family to implement this Deconcentration Policy shall not be considered an adverse action. As such, the Housing Authority will continue to accept applications and place the individuals on a waiting list. Selection will be made based on a combination of the local preferences and an income target mix. Any eligible family who qualifies as a higher income family may accept a dwelling unit assignment and be placed randomly into a vacant housing unit.

The Housing Authority will track the income mix within each project and building, i.e. high-rise, as an effort to avoid a concentration of higher or lower income families in any one building, i.e. high-rise, or development.
